

On Wednesday 22nd June, we held our first Careers Fair at Gosforth Junior High Academy. This event was very successful in providing Key Stage 3 pupils the opportunity to explore a variety of industries which may be of interest as future careers. We were very grateful to be supported by sixteen different professionals offering a wealth of expertise to our pupils. This experience was thoroughly enjoyed by all, it was great to see pupils engaging in conversations with different professionals about their futures and gaining an insight to the opportunities available to them. The sixteen different exhibitors each offered something unique to the experience and enhanced the learning for our pupils. Pupils were provided with a booklet to reflect

upon their experiences at key points throughout the day, pupils responded in the most mature

manner, recording a wealth of knowledge they had gathered throughout the day. We would like to say a big thank you to the parents and individuals who gave up their time to attend our careers fair, and look forward to working with you again in future events. Our careers education

continues next week, our Key Stage 3 pupils will be watching a performance about careers in the NHS, and this informative presentation will allow pupils to further explore their aspirations for the future.
