

## Gosforth Junior High Academy Sport Leader's Achievement

This past week has seen the current cohort of year 8 sport leaders finish their written and practical delivery work for the Level 1 Award in Sport Leadership qualification, through NUFC. A huge well done to Emily, Olivia, Sofia, Ayla, Poppy, Roan, Riyadh, Thomas, Noah and Joe for this accomplishment!!

Throughout the term, the group have completed tasks to develop skills such as communication, teamwork, confidence and leadership in order to become excellent young coaches within the school. These skills will not only help them in sports, but also in everyday life.

The highlight of the course came in the final week when the group delivered their own fun games to 5A in Key Stage 2. All of this was planned, organised and delivered by the year 8's who took real ownership of the opportunity. The younger pupils loved the experience trying new activities and looked up to the older pupils who did an excellent job acting as role models and coaches!!

Mr Tracey commented - "The Sport Leaders have been a real credit to the school, they have all shown a fantastic attitude throughout the term to develop themselves as people, this effort was highlighted with their delivery of games to KS2, looking like seasoned coaches working with young people!!"

And Mr Bailey reiterated the praise - "I can vouch that they were fantastic, and they had a great way with the students."
